

In the Notice of Allowability, Paper No. 9, the Examiner failed to amend claim 49 as agreed, and the recitation of claim 64 was incomplete. The undersigned spoke to Examiner Dunn on June 15, 1999 on these matters, and the Examiner suggested that the correct amendments to the claims be submitted in a Rule 312 Amendment.

The changes to claims 51 and 66 follow from the changes to the independent claims.

Wherefore entry of these amendments is respectfully suggested.

Respectfully submitted,
